The West's Leading Custom Cabinetmaker

For over three decades, builders and homeowners have been trusting the leader to provide more flexibility, choices and craftsmanship.

State-of-the-Art Manufacturing

Our 634,000 sq.ft. plant combines high tech automation with time-honored construction techniques and is backed by a Limited Lifetime Warranty.

MDDB Maple Drawer.

Environmentally Friendly

Our state-of-the-art plant is the world's most environmentally friendly cabinet facility, using sustainable resources and recycling excess materials, with 80% reused in future applications.

Superior Construction

Huntwood uses materials and components many others offer only as upgrades, such as: solid wood dovetail drawers; 3/4" hardwood face frames; rabbeted and dadoed construction; steel guides with Soft-Close; and super-durable melamine interiors.

Lasting Touch™ Finish

Our exclusive finishing process is the toughest in the cabinet industry! Our 12-step conversion varnish process features 33% more solids, plus four cycles of both sealer and oven baking.

Huntwood = Design Freedom.
