Why Choose Huntwood?

The West's Leading Custom Cabinetmaker

For over three decades, builders and homeowners have been trusting the leader to provide more flexibility, choices and craftsmanship.

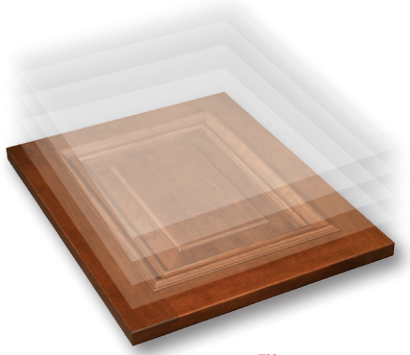
State-of-the-Art Manufacturing

Our 567,000 sq.ft. plant combines high tech automation with time-honored construction techniques and is backed by a Limited Lifetime Warranty.

Environmentally Friendly

Our state-of-the-art plant is the world's most environmentally friendly cabinet facility, using sustainable resources and recycling excess materials, with 80% reused in future applications.

MDDB Maple Drawer.



Lasting Touch™ Finish

Huntwood's exclusive finishing process is the toughest in the cabinet industry! Our 12-step conversion varnish process features 33% more solids, plus four cycles of both sealer and oven baking.

Superior Construction

We use materials and components that many others offer only as upgrades, such as: solid wood dovetail drawers; 3/4" hardwood face frames; rabbeted and dadoed construction; steel guides with Soft-Close; and super-durable melamine interiors.

Please see a current sample door or wood chip in your desired wood and stain color before ordering cabinets. Some colors are not available on every wood specie (consult your catalog for details).

4 Choose Your Overlay

Standard Overlay
Traditional look. Much of the face frame is seen. With back-beveled edge, knobs are not necessary.

Width Overlay
A more modern look. Doors cover most of cabinet width, not height. With back-bevel, knobs are not necessary.

Full Overlay
A clean, contemporary appearance. Doors cover most of face frame. Requires knobs or pulls.

Flush Inset
An old-world furniture look. Doors are inset into the face frame. Requires knobs or pulls.

Flush Beaded
Flush inset with a beaded detail added to inside edge of face frame. Requires knobs or pulls.

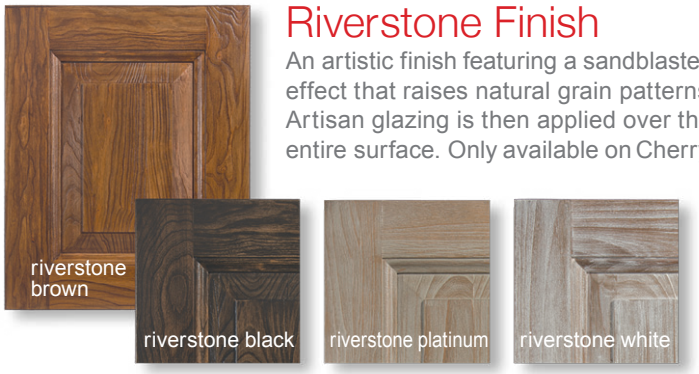
6 Choose a Special Finish

Requires ordering a sample door in your chosen finish.

Riverstone Finish

An artistic finish featuring a sandblasted effect that raises natural grain patterns. Artisan glazing is then applied over the entire surface. Only available on Cherry.



Heirloom Finishes

Sand-thru, over-sanding, artisan glaze and rag marks simulate an aged look. Available in all 13 solid colors.

Antique and Furniture Glazes

Antique Glaze highlights corners and recessed details of doors.
Furniture Glaze uses less pigment, for a more subtle treatment.

Carriage House Glaze

Soft halo effect, darker at edges of panels, plus Artisan Glaze. *(Not shown: Platinum and White)*

Distressing and Old World

Distressing simulates decades of wear and tear with random dents, marks and gouges. Old World offers an authentic, heavily-worn appearance treatment.

Artisan Glazes

This glaze concentrates in the corners and recessed details of the doors, as well as leaving a subtle glaze over flat surfaces (especially in open-grained wood species).
